Cardiac Enhancement

Available Monday-Friday | 6:30 AM - 3:00 PM

Registered Nurses supervise an exercise program targeting cardiovascular risk factors such as hypertension, elevated cholesterol/lipids, obesity, diabetes, heart failure, as well as other diagnoses that benefit from regular exercise. It is designed to help you maintain recovery and continue to live a full and active life through:

- Supervised workout sessions to enhance and maintain strength and cardiovascular fitness.
- Assistance to develop self-awareness of capabilities and limitations.
- Safety and reassurance of exercising within a medical facility.

Athletic Enhancement

Available 24 hours | 7 days a week

Certified Strength & Conditioning

Specialists: Athletic Enhancement Staff from Spencer Hospital are Certified Strength & Conditioning Specialists through the National Strength & Conditioning Association.

Personal Training Packages: Certified Strength and Conditioning Specialists will customize individual training programs that will help you achieve your health and fitness goals. The individualized sessions provide direction, motivation, and program adjustments as needed, whether you are recovering from an injury, training for a race, or simply looking to attain overall quality health.

30 Minute Sessions* Rate

2 Sessions	\$40
